Male Visitation Discussed at SGA Forum

by Jessica Cook

On October 23, the Student Government Executive Committee and representatives from Student Life, Senate, Honor Council, Residence Hall Board, and Association of Meredith Commuters held an open forum to discuss student concerns.

Ann Hiott, SGA president, opened the forum by stating its purpose. She emphasized her desire to see the questions, concerns, and complaints of students answered and addressed and suggested discussion topics such as male visitation, social life on campus, honor council penalties, and the issue of moving off campus.

Students present at the forum responded enthusiastically. The pros and cons of male visitation were discussed; students also proposed having a guest house for the out-of-town male visitors of Meredith students. Many thought Le Greenhouse should be open until midnight for students' dining convenience, dating purposes, and student socializing. Commuters present expressed difficulties they have encountered in the dining hall, and the need for a better off-campus meal plan. The effectiveness and consistency of Honor Council penalties was also discussed.

In addition, possible changes in the Meredith community were mentioned. Bonnie Bugnar, Honor Council chair, stated the Honor Council was exploring the possibility of community service as an alternative to traditional forms of punishment; for example, a student would perform work services around Meredith instead of being campused for an offense. Hiott also mentioned possible exciting, massive renovations in the cafeteria this summer.
