

Career Connections

Job Fair 1993

Information Day, Tuesday, Nov. 16, 12:30-5:00 p.m., Sheraton Greensboro.

Interview Day, Wednesday, Nov. 17, 8:30 a.m.-5:00 p.m., Sheraton Greensboro.

Students from all classes are encouraged to attend Information Sharing Day. Freshmen through juniors may talk to employers about careers and companies, summer and part-time jobs, or internship opportunities. Seniors, alumni, and graduate students may investigate actual job openings and discuss the possibility of a formal job interview for a later time. Bring multiple copies of your resume and dress appropriately for interviews. No prior registration for Information Day. Just come!

Granddaughter's Club off to a good start

The Granddaughter's Club is in full swing this year. We have recently had our second meeting of the year. If you are an eligible Granddaughter member, come out and join us for lots of fun. If you are not sure what a granddaughter is, then here is a fast way to find out. To be a member, you need to have a mother, grandmother or both that attended Meredith. We consider you to be a Granddaughter of the College since your mother or grandmother was a daughter of Meredith College.

We would like for you come and join us for our next meeting Nov. 30. Our service project is going to our local high schools and speaking on college life. If you would like to participate, contact Sally Davis at the Office of Admissions. Christmas vacation is coming up soon and would be a great time to go visit your old high school.

Join us for our next meeting and help us continue in an old tradition, decorating the Alumnae House.

Letters

continued from page two
wide range of course offerings in African American studies. The reasons we are here vary. Acknowledge our presence and realize that we have needs. Until these needs are efficiently met, do not continue to ask the question "Why aren't there more African American women at Meredith?"

Paula Williams

Correction...

The caption for the picture on the front page of the November 10 issue of the Herald misidentified some people. The caption should have read: (l-r) Seniors Kristy Arey, Amanda Gemayel, Allison Hodges, Camille Hatch, Kim Taylor, Jennifer Williams, Alicia Morris, Tracy Beth Salter and Sherrie Lane.

Waste is inevitable—so what will you do about it?

submitted by Mother Earth class, Group Four

Did you know?

- Americans generate 160 million tons of rubbish a year which is three and a half pounds per person per day

- A convoy of 10 ton garbage trucks carrying the nation's annual waste would reach halfway to the moon.

- Americans throw out enough glass to fill up New York's World Trade Center every two weeks

- Roughly ten percent of America's trash is recycled, ten percent is incinerated, and the remaining 80 percent is dumped into landfills

Some common dormitory toxins are:

- nail polish

- nail polish remover
- tub and tile cleaners
- art supplies

You can make a difference.

- One ton of recycled paper saves up to three cubic yards of landfill space and 17 trees

- If every person in America recycled just one half of their newspapers, we would save 25 million trees each year

- The energy saved from recycling one aluminum can will operate a television for three hours

- Used motor oil, according to oil recyclers, never wears out and can be refined and used forever

Remember the three Rs to recycling:

- Reuse
- Reduce
- Recycle

Interested in a Career as a Paralegal?
