

## Meredith's flings...

Sunday was a beautiful spring day for MEA's Spring Fling. Meredith and NCSU students gathered on the front lawn to listen to Cravin' Melon. The dogs got a bit of spring fever from all the excitement, and this one attempted to escape his leash and run for freedom.

Freshman class lip sync-ers sang "Matata." Poomba the Warhog

Ashley Peay (jr.) runs a muck (literally) after spinning herself silly on the tip of a bat! However, she was one of the few race participants who did not plow into the crowd on her zig-zag path back to her teammates.

Spring Fling held many attractions for kids of all ages. The pig race was looking especially attractive (and well-padded) in the afternoon as they bumped and pushed each other around.
