COMMISSIONERS' MEETING, JUNE 13, 1974 -

Mayor Redfield announced the nomination of Mr. T. D. Eure as the Town's nominee to the Coastal Resources Commission.

Mr. Jack Savage spoke on the need for a Civil Defense Director for the Town. He suggested all towns on Bogue Banks work together in the future on handling disaster procedures effectively. He emphasized that Civil Defense costs nothing but is of tremendous value to any community in emergencies, and that once a Civil Defense program is set up in a town, other help is available to it through the Coast Guard, County, State and Federal Agencies, and others.

Commissioner Ramsey reported on his findings in connection with the Water and Sewer Program. Several municipalities in Carteret County are considering a Federal approved grant of \$200,200.00 for a study of the sewer system needs. The total cost for PKS in such a study would be no more than \$400.00. The Commissioners decided to be a part of the study.

Mr. Ted Hearth, representing the Roosevelts, and Don Hassebroek, representing Ocean Oaks, both spoke at the meeting, explaining that the Roosevelts and Ocean Oaks are in the process of getting a sewer system into the area within the next year or so which can eventually be incorporated into the regional program. Both commended the Board for entering into the cooperative study of sewer needs.

Commissioner Bray announced that Venture Management, developers of Morehead Shores, is now in conformance with all zoning ordinances and plans to resume sales offers soon.

The Board passed a resolution to continue to utilize the services of A. C. Davis in the mosquito control spraying that he had been doing experimentally.

Commissioner Hicks said several people had volunteered to do follow up pick up of trash along the PKS streets. Other volunteers are asked to call him if they feel like helping in this kind of on-going problem.

SINCE THE MEETING!!!

Lt. Col. Robert O'Neal of Pine Knoll Shores has been appointed by the Mayor to serve as our Civil Defense Director. He will be responsible for setting up emergency measures to be followed in case of hurricanes or other disasters. The Board met specially to pass a resolution which would allow the Mayor to appoint Col. O'Neal.

The big house moving project is complete - rolling along recently between its original spot on Yaupon to its new official place on Bridge Road was the little house that served for so long as the PKS center, then as Don Brock's office, and now will be promoted to TOWN HALL.

The Town Budget was approved at the public hearing held June 17.

June saw the annual meetings of both PIKSCO and the PINE KNOLL ASSOCIATION. Pine Knoll Association met June 9 at the John Yancey Motor Hotel with Association President Carl Hammon presiding. Don Brock reporting for the nominating committee placed the following names in nomination: Si Bezuyen, Gert Warner, Bill Ford, and Milton Yaeck. They were elected unanimously. Board members whose terms have not yet expired are Carl Hammon, president; Bill Doll, vice-president; Don Brock, Louise Jolitz and George McNeill. Richard Kerr and Charles King, retiring members of the board, were thanked for their long and valuable service. The nominating committee for 1973/74 will be Bill Doll, Elizabeth Ames and Dean Brossman. Carl Hammon reported on activities of the past year. A new park area has been developed at Davis Landing with a ramp for launching small boats and a parking area for boat trailers. The board also supplied funds to purchase materials with which volunteers built the bicycle rack at the Mimosa Beach Park. Questions about mosquito control were referred to Commissioner Jim Ramsey who explained what the town proposes to do by way of mosquito control. One interesting sidelight was Ray Scoggins' statement that there are now in the town of PKS 235 houses, 122 condominium units, and 42 apartments. After the business meeting, the group adjourned to the Atlantis Lodge where the ladies of the community served hors d'ouvres and everyone had a gay social hour.

PIKSCO met one week later for the first annual meeting of this newly organized group. "The annual business meeting of the members of PIKSCO Corporation with their Board of Directors was held Saturday, June 15, at 7:30 P.M. in the Ball
