AL WYLLIE is home recovering from surgery at Duke University Hospital where doctors operated on his carotid sinus nerve. Pressure on that nerve had been causing him to black out. He is most relieved to have the whole thing over, and is especially grateful for all the good cheer messages he's received from friends in PKS. Visiting him and Margaret is their daughter, Lora Lynn Haines, of Union, N. J. Their son, Glenn, lives with them on Willow.

CAROLYN CLEVELAND caught this enormous fish off her pier the other day. The Stuffer boys, in describing it to the beach crowd, were barely able to stretch their arms far enough to cover its alleged length. A speckled trout it was: 24", 5 pounds.

FOR ELEGANT DINING: A trip by your boat to Spooners Creek makes a special occasion of having dinner at the Peddler Steak House there. Of course, you can drive, but going by boat makes it even more fun. The charming hostess who took over the Steak House June 29th is a PKS Resident, CLEO RAMEY. Cleo lives at Reefstone with two of her four children, a girl, 18 and a boy 16. She is making all sorts of plans for the steak house and hopes to have a boutique in the building and a lounge for parties. Meanwhile, she is redecorating bit by bit. Meals: wonderful steak, baked potatoes, and all sorts of salad makings at the salad bar. You can order a good wine with your dinner, or beer. Desserts are good if you are still hungry enough to eat one. The restaurant is open every day from 6 to 11.
