

BOARD OF COMMISSIONERS, September 11, 1975, Atlantis Lodge

The Board adopted the Contract for Fire Protection Ordinance with Atlantic Beach. A referendum will be held on November 4th in order for citizens to vote on this issue.

LeRAE KESEL and JOHN COLLIER were reappointed to the town Planning Board while MILTON YAECK and PAUL MUILLENBERG were reappointed to the town Zoning Board of Adjustment.

COMMISSIONER HICKS reported on a recent meeting of the mayors of Island towns and with County Commissioners regarding the improving of Salter Path Road, and that all of these people are still trying hard to get the improvements under way.

DOROTHY and ERIC HASSEL have moved in on Mimosa, near the boat basin, with a beagle and two cats and, says Eric, "My wife has given me this first year off!" So they are settling in, enjoying the beach, learning to fish, and he says he is "more or less retired" from his work as an accountant and assistant treasurer of his company, a laboratory instrument company in Weston, Conn. The Hassels have a married daughter in Grants Pass, Oregon, and a son in Berkeley College of Music in Boston, preparing for a career in music education.

LEWIS and MARY MEADOR are new on Juniper. Lewis is a psychotherapist at the Neuse Clinic. Originally from Maryland, Lewis and Mary lived for a year in Durham before coming here. They have three children: Carrie, 5; Bryan, 4; and Kelly, 2. Mary is a medical secretary and a certified teacher of grades one through seven, preferring 4th, but at the moment is concentrating on her own three little people. Lewis plays the bagpipes. The thing is, Meador is Irish and Lewis himself is Irish, which seems confusing because we thought, didn't we, that bagpipes are Scottish? Well, their origin is Irish! Lewis will be happy to explain it all to us should we pin him down one day. He has apparently found a group of folks in Beaufort who play the pipes too, and plans to practice with them. In between, he likes baseball - Mary say, "Anything a kid does, he does." She says it affectionately. They all enjoy swimming and they also consider travel a hobby of theirs.

PIKSCO and the Pine Knoll Association will hold a joint "Meet the Candidates" gathering on October 17th, 7:30 P.M. at the PKS Country Club. This will be an opportunity for PKS'ers to have a look at the generous, timegiving people who are willing to serve our little community as Commissioners in the term that will begin after the November 4th election. Candidates will speak briefly and answer questions about themselves and community issues.

At Press time we have seven candidates to tell you about: (Biographies compiled by NEWELL HALLER)

ART BROWNE and his wife are on vacation in Europe. They will return October 10 so you can find out all about him at the Candidates night October 17.

KEN HALLER, Oakleaf Drive, was born in Frederick, Maryland, 69 years ago. He received his college degree (Phi Beta Kappa) from Johns Hopkins University and graduated from Harvard Law School. He first practiced for some 10 years in association with a large law firm in Buffalo, New York, but spent the War years on the staff of the General Counsel of the War Production Board in Washington, D.C. With the end of the War, he and others formed a partnership in which he practiced corporate law in New York City for over twenty-five years. Since retirement five years ago, he has served as Chairman of the Citizens Committee responsible for the incorporation of Pine Knoll Shores as a town and he drew its charter. He also served on the original Planning Board and on the Board of Adjustment. Ken and the former Newell Maverick were married in 1938. They have two daughters and two sons (Judy, Sue, Kenny and Hugh) and six grandchildren. Ken likes nothing better than casting in the Sound for live bait and then fishing in the surf at dawn the next morning.

BILL MACDONALD, Ash Court, was born in Garfield, New Jersey in 1912. He graduated from Bordentown Military Institute and Lehigh University and is a member of Delta Tau Delta. Listed in "Who's Who in the East" as an "Export Executive", Bill's professional life has been spent with Carrier Corporation. From Construction
