

at the Marine Resources Center, which sponsored the program for high school students to work in a field they love, right here near the sea where the opportunities to see the real things and the facilities to study them with are so wonderfully available. It seems tentative plans are being made for a spring program, and plans are already jelled for another next fall. One can expect PKS'ers to be lining up for turns at being hosts. Mr. Wheeler wanted us to mention how grateful he is to the folks who participated this time.

SCOTT AND GWYNN CUTHILL will have moved into their brand new house on White Ash by the time you read this. The Cuthill are from New Canaan, Connecticut, where Scott was with American Can. They have a son in Kewaunee, Wisconsin, and a daughter in Chicago. They will welcome a good game of Sheephead, so, if that's your bag, give 'em a call! Oh, Gwynn has been Assistant Director of Nursing at Putnam Community Hospital in Carmel, N.Y. Before she gets involved in nursing here, though, she wants to - you guessed it - get settle in their home!

PKS GARDEN CLUB met last at ANN RATLIFF'S, where DORTHA HALL was co-hostess. Christmas was the theme; each member brought a Christmas idea or arrangement. It was all enormously creative: a plastic glass was transformed into an ornament, pine cones and nuts became wreaths, a bit of hardware cloth turned into a basket for greens.... Christmas continues on December 8th at 9:30AM at the Marine Resources Center when AUDREY HOFFMEYER will offer instruction on how to make holly wreaths. Do call her at 726-1308 if you're interested....and, meanwhile, VERN WALLACE is taking orders for the Luminaria candles which light up the Town Christmas Eve at 7:30PM. Call her at 726-7890, or LOUISE BAKER, her co-chairman, at 726-8238.

POOR RICHARD'S PAINT STORE, 10th and Arendell, is a bright new place that was opened in mid-September by Richard (Dick) and Carolyn Evans, PKS residents. Dick is into this thing all the way, even to signing his checks "Poor Richard", and both Poor Richard and his wife hope that this venture will turn out to be a real example of your friendly neighborhood paint store, since they are stressing personalized service. Dick knows paints, having been until lately a paint contractor, and he is ready to offer do-it-yourself experimenters the advice and help they need to get the job done. It seems that expert paper hangers are in short supply, so Dick plans a "wallpaper clinic" soon - this is an appropriate term since he considers himself the "paint doctor": The shop carries all paint supplies, as well as drywall supplies, features Olympic Stains and dependable McCormick Paints. They also have a lot of wallpaper, including Altep, Hunter and Co, Schumacher, and Olney - figure about a week for delivery. Do stop by and see Poor Richard when you begin your next house fix-up project.

Incidentally, right next door to Poor Richard's is another pretty new place called Carolina Office Supply Co., a branch of a store in Jacksonville, being run most pleasantly by Arnold and Helen Murray, newly of Morehead City, who are offering us, along with a good stock of office supplies, servicing and selling of most popular brands of business machines.

Pine Knoll Association Directors Treasurer is waiting for quite a large amount of money to come in from thirty-two property owners, who are delinquent. Our reporter from that organization suggests we remind those Association members to make their payments soon in order to save interest and avoid a possible lien on their property. Regular monthly meetings of the Association are held the second Tuesday of each month at 7:30PM. at the Town Hall in PKS. Members are always welcome.

By agreement with the Commissioners, our police will accept no direct Christmas gifts. If you wish to do something to express your appreciation to our police, you may contribute toward their annual Christ-
