

The Shoreline

Candle Power!

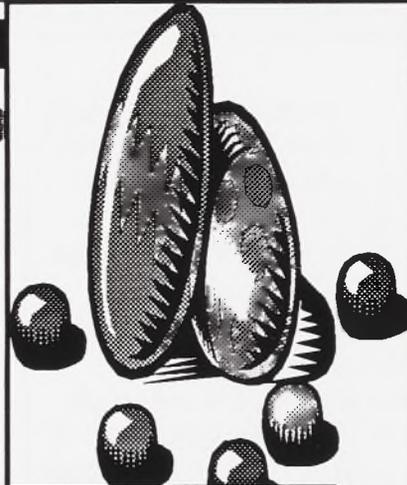

Editor's Corner

Y

our newsletter is late due to the unexpected whim of Mother Nature. With no power a computer will not operate. What a time all of Pine Knoll Shores had during the week of March 13. We sure can say one does not under estimate Mother Nature! Our main frustration through the whole storm was the absence of emergency broadcasting. though we were fortunate enough to own a battery powered radio, it did us no good. We are impressed with the immediate cleanup after the storm. It once again confirms why we chose Pine Knoll Shores. I am grateful that no lives were lost. Though several people suffered minor damage to homes etc. it could have been worse. We are delighted it wasn't.

Sincerely, Ellen & Jim

P.S. As you all know the Shoreline has increased in size but at times I still have more than can go in, if an article is left out, it is due to space. I am often asked to by the commissioners to be sure a particular article is entered. They do have priority!

Happy Egg Day!

MAY AND JUNE BIRTHDAYS

Happy Cake and Candle Day!

May & June Birthdays, May 27, Mimosa Sittum, 5:30PM Bring \$1.00 and a meat, vegetable or salad for 8. RSVP Nancy Marshall, 257-6126 or Jean Hilman, 247-6746

Anyone that has old artifacts/information about old old island news, call Nancy Marshall, 247-6126

THANKS BILL!

The Pine Knoll Shores EMS (Formerly the Rescue Squad) wishes to say thanks to Bill Poit for those three nifty backboards he constructed in his home workshop. Backboards are essential in many kinds of emergencies and Bill heard about our need for new ones. Bill, thanks to your expert woodworking skills these backboards will serve the people of this community for many years!
