## Hurricane Good Neighbor Program

By Tom King, CERT Civilian Leader

During a hurricane, some folks leave Pine Knoll Shores and some choose to remain. After the storm passes, the Police Department conducts a survey of the town to determine if there is damage or if any citizens are in need of assistance. If required, the Community Emergency Response Team (CERT) will assist the police in this service.

To give priority to those who have remained, the Hurricane Good Neighbor Program (HGPN) was developed. Those who participate in the HGPN will be given the highest priority in determining whether assistance is required; those who do not participate will be at a higher risk and will have to wait until a random survey of the town is conducted. The HGPN is designed to get help to those who need it in a more efficient manner than relying on randomly discovering an issue in a search of the town.

A notice of the activation time of the HGPN will be emailed to those on the town-wide email list, posted on the town's website (townofpks.com) and Facebook page, and announced on the town's radio station (1610 AM). In addition, a notice will be given on the county's Code RED system. Generally, the activation will be 48 hours prior to expected hurricane landfall (sooner if the 48 hours falls between 10 p.m. and 7 a.m.).

If you are remaining in town and desire to participate, after the activation time given, call 646-6506 between 8 a.m. and 8 p.m. to contact a CERT representative. Outside these hours, please leave a voicemail with your name and phone number; you will receive a return call.

The CERT representative will ask for the name of the head of the household, household address, the names and ages of those in the household who will remain in town, landline phone number, cell number(s), an off-island contact in case of an emergency (name and phone number) and names of anyone in the household with special health considerations (and the nature of those considerations). In addition, the representative will determine if there are pets in the home and if they are stranger friendly.

If you notify CERT that you will remain in town and have a change of plans, please call the number above to advise that you will be leaving. This will keep a team from unnecessarily checking on your residence.

After hurricane passage, those participating in the HGPN will be called to determine the status of all in the household. If assistance is required, or if we are

## K4TW Events Close Out 12th Year

By Jean McDanal

Thank you, Pine Knoll Shores, for your commitment and dedication to making our 12th year one of the best. The first event, held on Saturday, May 25, was the 5K and 10K Beach Runs. It was a gorgeous morning with little wind and a low tide. These races remained entirely on the beach this year. The medal winners were:

A big thank you goes to Robert Holman and his team for spearheading this event.

The second event, the Warrior Reception and Auction, on Thursday, May 30, was held at the NC Aquarium at Pine Knoll Shores. Four hundred attendees were welcomed with tables of delicious assortments of foods donated by over 20 local restaurants. Guests snacked as they perused and bid on over 100 items in the silent auction. Many members of the Pine Knoll Shores Garden Club and Pine Knoll Shores Women's Club prepared baked goods for the dessert table. Thanks go to Barbara Baccollo and our troop of kitchen workers who kept the food tables refreshed, as well as Class Act Catering.
