

PKS Garden Club on the Move

Early-rising Pine Knoll Shores Garden Club and Emerald Isle Garden Club members and other guests traveled to Manteo by bus on Wednesday, March 11, for an all-day adventure at the Elizabethan Gardens. Members enjoyed the many camellias, cherry trees, early blooming spring plants and a live oak tree planted in the 1500s. They also spotted a children's garden and playground with a pirate ship and statues of Queen Elizabeth I and Virginia Dare, first English child born in a New World English possession. They enjoyed lunch and a VIP tour, which was particularly informative and made members eager to start working in their own gardens. It was a great day of beauty and memories made with friends and kindred spirits.
