

PINE KNOLL ASSOCIATION

The Pine Knoll Association held its regular annual meeting on Saturday, June 13, at the Bogue Banks Country Club. Presiding was Mary Korff, president

ELECTS LAMPE PRESIDENT

Members of the Association elected William Bosse, Nancy Peterson and Gilbert Millington to the Board of Directors for three-year terms, following which the board elected Robert J. Lampe to be president for the next year. William Bosse was elected vice president, and Elizabeth Ames was appointed secretary-treasurer, to succeed Margaret Wyllie, who retired for personal reasons. Elected to the Auditing Committee were Fred Korff, Eric Hassel and William Macdonald. Elizabeth Ames asks that residents confine their Association business calls to week days only, and before 5 p.m.

Reports of the various committees indicated the affairs of the Association have been well managed in the past year, as in preceding years. In addition President Mary Korff reported the revisions in the covenants had been approved by the members by a comfortable margin and would go into effect January 1, 1982, as proposed. An official copy of the covenants will be mailed to all members after the first of the year, she said.

COMMENT

Much praise goes to Mary Korff, who retired as President of the Pine Knoll Association on June 13, 1981. Her term of office has been conducted in a very efficient manner. Members of the organization have no idea the many problems that do come up throughout the year. Mary has always dealt with these problems and all the necessary business phases of the presidency in a very knowledgeable way. God bless you, Mary, too, for being a very kind and thoughtful person. . . Margaret Wyllie

OCEAN PARK

The gate has been serving its purpose and working most of the time thanks to Arnold Smith, who has been keeping it in repair. We find that when it does break down it is usually because someone has not understood how it works. Here are some reminders:

ENTRANCE GATE

1. As soon as you insert your card and the gate opens, move into the park area quickly. The gate returns to the down position within a few seconds. It will not stay up long enough to pull a trailer through behind your car nor can it accommodate any unusual accouterment or appendage to your car.
2. When leaving the area there is time for only one car to move through the gate at a time. If there is a car ahead of you, wait for the gate to go down behind it. It will open again for you.
3. Please note, too, that the yellow sticker is required in order to leave your car in the parking lot. Your guests must also have one. If you do not have yours, arrange to get it from your association's secretary. The more people we have using the park, the greater the strain on the facilities. Your careful use and preservation of these facilities is appreciated by your fellow property owners and the people who give their time and energy to maintain them. The Pine Knoll Association's secretary is Mrs. Elizabeth Ames, telephone #726-8397, call her during regular working hours.
