

feet north to the Sound. Included is 1 Mobile Home Park, 2 gift shops, the Jungleland complex, 2 convenience stores and 1 restaurant. There are many (perhaps more than 100) permanently sited mobile homes and probably 6 conventional houses.

Town Attorney Ken Kirkman presented a form for the proposed revised Sign Ordinance, a form which will be that in which all Ordinances will be cast when the on-going codification of our Ordinances is complete. The Planning Board has been working on a revision of the Sign Ordinance.

A proposed Ordinance requiring portable toilet facilities at work sites was unanimously recommended to the Board of Commissioners.

A MESSAGE FROM MAYOR WAYNE P. CLEVELAND:

We are still trying to get a Pine Knoll Shores mailing address rather than being designated a rural route out of Morehead City. There have been some recent developments but to pursue this further we need your help.

The postal department has what they call a postal contract station which they list in the postal directory. This is the type operation the postal department operates in POST OFFICE the present Morehead City Town Hall on Arendell Street. If we could get such a contract station it would be located in our town hall. The office IS SOUGHT would sell stamps, money orders and would accept parcel post packages. We would receive house to house mail delivery as we do now. Post office boxes would be available for those who wanted them. If granted we would contract with the postal department to operate the office part of the facility for a certain fee.

Before applying for a contract station Mr. Neil Webb, Morehead City Postmaster, said it would be necessary to know approximately how many stamps we would sell, how many money orders we would sell and about how many and the size of post office boxes needed.

So that we can pursue this will you please fill out this form and mail or take by the town hall.

Your help is needed. If we can justify such a postal contract station we will truly gain our identity as Pine Knoll Shores rather than being a satellite for Morehead City.

Wayne P. Cleveland

Name _____

Address _____

Approximate number of stamps purchased in one year _____.

Approximate number of money orders purchased in one year _____.

Approximate number of parcels mailed in one year _____.

Would you rent a post office box? _____.

Would you rent a post office drawer? _____.

Would you patronize a contract station at the town hall? _____.
