WELCOME TO OUR NEW RESIDENTS

We welcome all of our new residents but we want to give an especially warm welcome to the residents in our newly annexed area just west of our old town limits.

We are sure that you will find living just a little bit better by being part of our controlled developing beautiful town. We want you to feel a part of our town and to that end we will do everything possible to make you feel at home.

Please visit with us at what is now your town hall and meet our very friendly, competent able staff. We want some of you to join our volunteer rescue squad and fire department.

We also want you to become part of our town government so that your area of town can help control our destiny.

Again welcome and please, let's get acquainted.

Most cordially yours,

Wayne P. Cleveland - Mayor

A Public Hearing was held at the Town Hall on July 12th with respect to a proposed moratorium on building east of Cedar Street from the Sound to the Ocean. The prohibition against building had been proposed pending completion of a study of drainage problems in that area.

Various officials with expertise in drainage problems attended the hearing to supply technical advice, including County officers and representatives of CAMA and of the Corps of Engineers. A number of PKS citizens participated in the discussion which followed, commenting upon the drainage problems and the probable effect of the proposed moratorium.

PUBLIC HEARING

AND

COMMISSIONERS MEETING

The Board meeting, held immediately after the conclusion of the public hearing, was addressed by Mr. Von Oesen of the engineering firm of Henry Von Oesen and Associates, Inc. of Wilmington, N. C. He made tentative suggestions as to how the Town's drainage problems might be corrected. He stated that the cost of a study by his firm would not exceed \$6500. and could be completed within 45 days. The Board of Commissioners accepted the Von Oesen proposal.
