

The residents of Pine Knoll Shores appreciate and applaud the hard work and hours of their time that these volunteer landscapers have contributed to beautifying our town.

JOAN DAWSON

P.S.

This is the last edition of Shore Line under the editorship of Noel Yancey. I've served more than two and one-half years on the town paper, and it's been lots of fun. However, Frances and I would like to do more travelling and to have more time for keeping up the yard and fishing. Since I also write a weekly column and do a bit of free lancing, something had to give. However, Frances and I will always treasure all the nice things so many of the fine folks of Pine Knoll Shores have had to say about our efforts.
