

PLANNING BOARD MEETS

The Board is working on the proposal to rent space to Stephanie Goetzinger for the wildlife rehabilitation center. It may be necessary to change some ordinances e.g. the one limiting the animals in Pine Knoll Shores to domestic pets.

The Board decided not to take any action of establishing a uniform trash disposal container requirement.

The permitted use charts will not be finalized until the revision of the zoning ordinance is complete.

COMMUNITY APPEARANCE COMMISSION

The Commission inspection report contained nine items.

Other concerns were of Garner Park Landing in need of repair; debris on the right-of-way; and the placement of portable toilet facilities at building sites.

The annual report was completed and submitted to the Board of Commissioners.

ENVIRONMENTAL MANAGEMENT COMMISSION HEARING

Many residents attended the hearing regarding the proposal to allow emergency drainage of storm water to flow into the canal. Col. Dennison of Van Oesen Associates presented the plan which would have a turn off possibility so that no water would run into the canal except at times of serious flooding. Several residents spoke, some in favor and some opposed.

Hearing officer, Dr. Gladys Van Pelt, said that anyone wishing to submit material in writing to the commission should send it to Bill Kreutzberger, DEM, P.O.Box 27687, Raleigh, N. C. 27611 before May 7, 1988.

An answer to the request for variance will be announced at the July or the September meeting.

FROM THE HISTORY

If you read in the Shore Line a list of 22 names beginning with Bob Ames and ending with Milt Yaeck you would know that yes, indeed, there has been a project and all these guys had pitched into get it done. The new Town, in 1973, began to do business in space donated by Ruth Bray in the Atlantis Lodge. By July, 1974, it had acquired the part of Mrs. Hoffman's house which
