

presented to the Mayor in a sealed envelope. Just like the Academy Awards! There were 150 people contacted, 105 responded. The vote was 74 yes and 31 no. The Town will proceed with engineering studies.

You are reminded that license tags are required for all vehicles in Pine Knoll Shores. 1989 tags will be available at the Town Hall beginning January 1st.

It was also announced that renewal of the "Sunshine" list [persons who wish to be notified of meetings] is required for 1989. The fee is \$10 and the request must be made to the Town Clerk in writing.

The Commissioners adjourned to executive session and returned later to announce that the subject of the session was Christmas bonuses. The meeting was then adjourned.

PLANNING BOARD MEETS IN NOVEMBER

This Board is working on a recommendation for the amount of impervious material allowed on a single building lot. Two more months will be needed for this study.

A tree protection ordinance was recommended and will be the subject of discussion at the Public hearing on January 10.

There is also a study being made of the possibility of allowing signs for yard sales and open house.

The nine recommended revisions to the model zoning ordinance will be the subject of the Public Hearing next month. They are available for your review at the Town Hall. They are concerned with building heights, mostly, but other points are mentioned.

COMMUNITY APPEARANCE COMMISSION

The Commission made 7 inspections in October. One was for a new house and the rest for tree removal requests. All were approved.

The request to prune trees made by Beachwalk Condominiums was considered and the conditions of approval were conveyed to the owners.

The group decided not to adopt a portion of the highway to keep free of litter for reasons of safety.

NEW TELEPHONE NUMBER

Now you can reach the Secretary or Treasurer of Pine Knoll Association and PiKSCO without going through the club switchboard. Make a note of this number:

247-1717

Winter hours are 10 to 1 daily, Monday through Saturday.

We also learned that the PKA has plans to plant about 15 dogwoods at the Ocean Park. They are small right now but they will be big trees before you know it! Thanks for making Pine Knoll Shores prettier.

FESTIVAL OF TREES BIG SUCCESS

Pine Knoll Shores was well represented at the Festival of Trees. We hope you were able to see all the trees at the Maritime Museum. Our own tree is now at the Aquarium so come and have a look.

Margaret Smith and Diane Donovan write:

Dear Pine Knoll Shores,

We couldn't have done it without you! Your response and enthusiasm for our 'Festival of Trees' effort for Hospice was overwhelming! We thank you all - for your time, your donations, your caring, and your participation in every part of this special venture. Your support made it a huge success.
