April 1989

COMMISSIONERS MEET

Commissioners began their meeting by reporting their function's activity in the month of March.

Commissioner Johnson reported that 84% of revenues have been collected and 67% of expenditures have been made in this fiscal year to date. Over 99% of taxes have been collected to date and the \$3,000 still outstanding are expected to be collected before the year is over.

Commissioner Roderick reported that the boat and trailer parking lot had been cleaned up. [For details see below.]

Another special trash pickup has been scheduled for Wednesday, April 26th. This is for items too large, etc., to be picked up on regular days. However, NO HAZARDOUS MATERIALS SUCH AS BATTERIES, PAINT, SOLVENTS OR OILS can be included. It is still not clear what can be done with these items and Roderick is looking into that. Have your trash on the right-of-way by 8 a.m.

Surveyors for Von Oesen Assoc. will be working in the area of the proposed flood damage control starting this coming week.

Commissioner Shedd made the building report. There was one residential permit issued, no commercial permits, 9 miscellaneous permits, and 4 certificates of occupancy.

The Planning Board, having studied the Pine Knoll Village residential plat plan noted that the flood plain information was incorrect but otherwise approved it and recommended approval by the commissioners. The commissioners did so.

On Commissioner Shedd's recommendation the Commissioners appointed Chuck Zamminer to complete the term of Harry Schlimper who has resigned for reasons of ill health.

The Community Appearance Commission had submitted its annual report. [See below for details.]
