

A graduate accountant, Diane has worked in accounting, advertising and marketing for a radio station and for the Stauffer chain. In spite of her rigorous schedule, she plans to look for part-time work before too long and still have lots of time for daughter Breanne, a name found in a book that combines Bruce and Diane.

Since Breanne is a September birthday girl who'll be ONE, mother and daughter hope to come to the September Birthday Party, proving that Pine Knoll Shores does have a growing population of those under fifty.

Welcome to this young family.....
