Henry and Yvette Bannen moved from Massachusetts into their new home at 103 Beechwood Drive last December. Henry had retired from GE and they were looking for a place to "get away from the cold". They have four children, two boys and two girls, one granddaughter.

Henry likes all kinds of fishing and has also been spending much of his time restoring their house. Yvette is an avid gardener, as witnessed by her beautiful flowers. She is a member of both the PKS Garden Club and the Newcomers Club.

Yvette says they have found the perfect climate in PKS.

#### BOGUE BANKS PUBLIC LIBRARY

The library has been busy this summer. We have many new children's books - both for small and older ones. They are on the top shelves of our children section and designated by a big red dot on the spine. The summer reading program is going well and we have special guests for the story time on Wednesday mornings during the month of July. We also have films each Thursday morning for children thru August 12.

For the adults, we have a collection of new books on tape. These are at the front of the library next to the newspapers. These tapes are great for travel, walking or just listening at home and our thanks to the "Friends of the Library" for the purchase of these children's books and adult tapes.

The next book sale at the library will be Saturday, August 7 from 1-3 p.m. There are excellent bargains at these sales. We encourage everyone to attend.
