

SPECIAL NOTICE

Beginning Thursday, June 2, an extra garbage pickup will become available at the same time your recyclables are collected. This extra service will continue each Thursday through the month of August.

MEET YOUR NEIGHBORS

Pat Brooks moved into 121 Mimosa Blvd. in mid-April and put up a pretty "High" fence to contain her two large, beautiful show dogs, an English cocker named Cappy and an Irish setter called Tris. Pat and her late husband used to show dogs all over the country and have many, many cups, trophies and ribbons that they've won over the years. Pat was born in Henderson, NC, and she married and moved to Tucker, Georgia, a suburb of Atlanta, GA. They had three children; Glenn, who lives in Texas; Ellen, who lives in Norcross, GA; and Melissa, the single one attending the University of Georgia Law School. She has one granddaughter and one grandson.

Pat never worked outside of the home, but she did run an antique gift shop (for fun). She has many gorgeous antiques.

When she was young, she came to Atlantic Beach for vacations. When she married, they came on vacation as a family, and one year ago she brought her daughter and son-in-law to Pine Knoll Shores to vacation and found the area still laid back and beautiful. She said, "This is where I want to be!

"Welcome"Home", Pat.

Betty Lee Foulk

CENTENARIAN

Within our midst is a lovely lady who has reached the remarkable age of 100 years young! She has been living, very independently, with with her son, Gus, and daughter-in-law, Dorothy, for seventeen years. A native of Sparta, Greece, Alexandra Panagakos is the matriarch of the Panagakos family that includes 2 sons, 6 grandchildren and 12 great grandchildren. She enjoys her plants, reading taking walks and "Murder She Wrote", her favorite TV show. Good food is also a top priority and especially, "Baklava"!

Many more happy years for our distinguished Centenarian!

WASTE INDUSTRIES **GUIDELINES FOR YARD TRASH**

All yard trash should be on the curb by 7:00 AM on the morning of the pickup day, which is the last Tuesday in each month. Rakings, such as leaves and pine straw, must be bagged. Limbs and branches must be in 4 foot lengths, 18 inches in diameter and bundled.

Trash bags and bundles can weigh no more than 50 pounds each. Logs, stumps and lot debris, such as sweeping a lot for building, are not acceptable.
