

YARD SALES REGULATED

Commissioners adopted an ordinance regulating yard sales. Sales are limited to 2 a year, no more than three days each, nor closer than three weeks to each other. The details of the regulations can be obtained at Town Hall. "Yard Sale" signs are also available there.

PINE KNOLL SHORES EMS #65

November was a quiet month with 14 calls. One of these was a mutual aid call to Salter Path.

Peggy Price and Clyde McKeand passed their State exams and are now certified EMT's. They will definitely be an asset to the Squad. Ellen Peirce passed her State exam and is now an EMT-D. The next class for EMT will begin Jan. 3, 1995. This will be taught at the Salter Path squad building, Tuesday and Thursday evenings from 6:30 to 9:30 pm. One of our own members, Larry Kacmarcik, will be the instructor. Anyone interested in attending this class, please call Chief Wimberley or Town Hall. It is not too late to enroll.

Peggy Price has been contacted to instruct EMT courses. With her background in nursing, she will be excellent.

The quality of the members in PKS EMS is such an asset. PKS couldn't ask for a better trained and dedicated squad. We hope this will inspire others to get involved and be a part of this team.

Thanks to the Mayor and articles in the Shoreline, several people have expressed an interest in joining the squad.

The Squad Christmas Party, December 6th at Ramada Inn was well planned and enjoyed by all members and guests. Many thanks to Joan

and Fred Libby for its success!

Certificates of appreciation were presented to Bart & Charlotte Sheard, Paul Heim and Bob Herbst at the Christmas party.

The plaque for members over four years has been updated. Jack Gibson, Bart and Charlotte Sheard were added to the list.

HAPPY NEW YEAR!

Teddy Wimberley, Chief

GARDEN CLUB RECOGNIZED/DECORATIONS

The Pine Knoll Shores Garden Club decorated Town Hall again this year. The decorations seem lovelier each year. Citizens can be proud that the season of love, peace and sharing is demonstrated in so fine a manner for all to enjoy.

INVESTMENT OF TOWN FUNDS

The state of North Carolina, through the Local Government Commission, regulates the investment of public money. The debacle that occurred in Orange County, California, would not happen here. The law, called the Local Budget and Fiscal Control Act, specifies the classes of securities in which public funds may be invested. The considerations in investing must be in this order: 1-safety, 2-liquidity, 3-earnings. In addition to state law, the Town has a cash management policy which includes directions in the management of investments for the Finance Officer and the Commissioner of Finance.

The average rate of interest earned on investments during November was 5.5% and earnings are equivalent to about three cents of the tax rate.
