SEPTEMBER BOARD OF COMMISSIONERS MEETING

PUBLIC HEARING

A Public Hearing was held on September 12, 1995, on the issuance of \$4,000,000 in Water Bonds. Attorney Craig Bromby, representing Carolina Water Service, spoke against the issuance of the Water Bonds and objected strongly to the approval of the loan application by the Local Government Commission. He also stated that if a parallel water system is built it would require a new source of water and would have a direct impact on the environment. Vernon Harris of Colonial Engineering rebutted that statement with a map of the floodplain and wetlands in Pine Knoll Shores showing no construction in those areas. Several citizens asked questions and made statements relative to the Water Bond issue.

WATER REPORT

Commissioner Gallo moved that the Board of Commissioners adopt without change or amendment and direct the Town Clerk to publish as prescribed by the Local Government Bond Act, the bond order entitled "BOND ORDER AUTHORIZING THE ISSUANCE OF \$4,000,000 WATER BONDS OF THE TOWN OF PINE KNOLL SHORES" introduced at the meeting of the Board of Commissioners held on August 8, 1995. The motion was duly seconded by Commissioner Musgrave and passed unanimously.

A resolution was then read at length by Commissioner Gallo calling for a Special Bond Election to be held on November 7, 1995, for the purpose of giving qualified voters the opportunity to approve or disapprove the issuance of the Water Bonds in the amount of \$4,000,000. Commissioner Gallo made a motion that this resolution be adopted and it was duly seconded by Commissioner Musgrave. It passed unanimously.

STREETS AND PUBLIC PROPERTY

Supervac Construction Company will be repairing areas of damaged streets beginning in the western end of the Town progressing eastward.
