Marie was born in Niagara Falls, New York, and Lynn was born in Butler, Pennsylvania. He served four years in the Navy and then went to work for GTE. He retired from the Telephone Company in 1988 and then went to work for General Service Administration, in Washington, D.C. Marie worked for BDM International working for the Department of Energy.

Marie has five children. All in the Washington, D.C. area and Lynn has two children in Pennsylvania. They have a total of eleven grandchildren.

They currently have Lynn's mother, Ethel McPhearson, visiting with them from Indiana, Pennsylvania. She's recuperating from a hip replacement.

Marie and Lynn enjoy boating, walking on the beach, bowling, bicycling. Marie does stain glass and Lynn loves to whittle small wood carvings. They own the unusual dark green and white teak trimmed boat you see in the canal. It is a nimble, 24' trawler Nomad called "Get 'n By." They belong to the yacht club in Wilmington, NC, and often boat down there or to Hilton Head.

They lived in New Bern, at River Bend, for a year searching up and down the North Carolina coast for just the spot for a retirement home. They kept being drawn back to Pine Knoll Shores and finally said, "This is it!"
