

Welcome New Residents

Jerri and Phil Matthews moved into 122 Dogwood Circle March 30th from Fort Worth, Texas. Phil works at GTE as Director of International Operations. Jerri was a Real Estate Agent for Coldwell Bankers, after her children left home. She is now retired.

Jerri was born in Newark, New Jersey, but was raised in Durham, North Carolina. Phil was born and raised in Durham. He graduated from Upper Iowa University at Lafayette, Iowa, with a Business Degree.

They have had their first taste of hurricanes, receiving water leak damage in various parts of the home. Jerri, being an only child, was given many beautiful pieces of furniture from her grandmother and she cherishes them.

They chose Pine Knoll Shores because of Phil's relatives living nearby. A brother-in-law in Emerald Isle and two sisters-in-law have summer homes in Atlantic Beach. While visiting these relatives, they fell in love with Pine Knoll Shores.

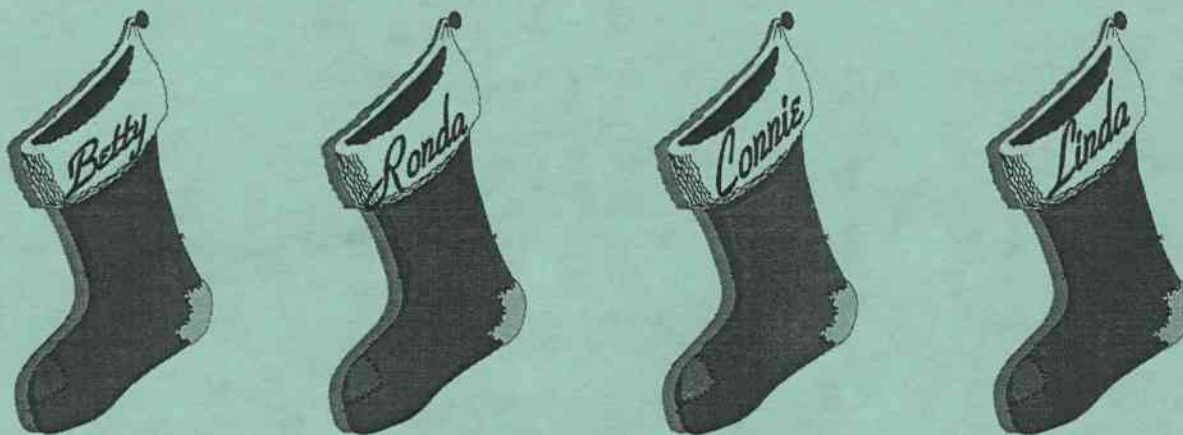

They have two children. Greg, 26, married to Dawn lives in San Diego, California. He works for a medical testing facility and his wife is an Immigration Agent. Karen, 23, attends college at Southwest Texas State in San Marco, Texas. She will graduate with a degree in Elementary Education.

They have a "Bengie" type Carin Terrier, named Oliver.

Jerri enjoys reading, golf, needlework, bridge and sails. Phil does gorgeous stain glass and loves to track investments on his computer. He also plays golf and sails.

When Jerri received her first issue of "The Shoreline" she read the "Welcome New Residents" column about Rita Randall. She realized they had gone to high school together. Since then, they have become reacquainted and are friends once more. Yep, the column does work.
