

### PKS Garden Club- Regular Meeting

Officers for 1999-2000 was installed by Irene Dorms at the annual luncheon meeting held on June 1<sup>st</sup> at the Royal Pavillion. Appointments are as follows: President - Judy Poit, 1st Vice President - Sheryl Woodbury, 2nd Vice President - Lois Jean O'Keefe Recording Secretary - Dot Belding, Corresponding Secretary - Jane Ashland, Treasurer - Beth Johnson.

As outgoing president as well as next year's president, Judy Poit recapped highlights of the year's reign and expressed appreciation to club members for their generous support on myriad projects. She was delighted to urge this year's nine new members to stand and be honored. She especially thanked Yvette Bannen, Awards Chairman, for her arduous efforts in compiling and submitting material for two awards to the Garden Club of North Carolina.

Mrs. Bannen proudly displayed two blue ribbons - the first for the presentation book compiled on the procedures for establishing a town recycling bin for plastic flower pots, the second, the Scroll Award, a most prestigious honor. The information collated reviews the comprehensive unceasing involvement of a garden club member in every aspect of club activities. The subject of this Scroll Award was Lois Jean O'Keefe, the most deserving person in Pine Knoll Shores.

The two awards were presented at the meeting of the North Carolina Garden Club held in Wrightsville Beach on May 25th.

A memento of appreciation for guiding the garden club this year was given to President Judy Poit. The copper enameled butterfly and humming bird mobiles will enhance the beauty of her garden.

### MEET YOUR NEW NEIGHBORS

Art and Dolores (Dee) Bierman moved into their spectacular home overlooking the canal at 105 Acorn Court around Thanksgiving. They had lived in Garden City, Long Island, New York, where Art owned a manufacturing business in New Hyde Park. For the past twelve years, they have lived on Sand Key, on the Gulf of Mexico, just south of Clearwater Beach, Florida.

Dee has four children, three girls and one boy. She also has nine grandchildren, two granddaughters and seven grandsons. One of her granddaughters is at Brigham Young University and is studying medicine.

Art has two children, a boy and a girl. He also has three grandchildren, two granddaughters and one grandson.

Art and Dee came to visit Jack Doyle on Sycamore Drive. They had been friends up north along with the Zipfs on Beechwood Drive. Actually Art and Dee were thinking that they would like to relocate to a golf community in the mountains but when they saw PKS, they were sold. They bought a piece of property as an investment and returned to Florida. Someone made them an offer on their condo in Sand Key that they couldn't refuse, so they decided to start building on their PKS property immediately. Besides being a wonderful community, it is also half way between their children, some of whom are in Florida and some up north.

Both Dee and Art play golf so they joined the Bogue Banks Country Club and the Morehead City Country Club. Dee usually plays 18 holes and sometimes plays an additional 9 with Art.

Dee loves the beach and walking the beach. She immediately joined the Sports Center. Art loves fishing. They both have traveled extensively and continue to travel.

They can't say enough about their contractors, "Home Builders," Bobby Harrington, Len Furtner and George Brown, and their beautiful home substantiate their praise.
