

## Community Appearance Commission

The PKS Community Appearance Commission is presently working on the following projects.

1. The Community Appearance Commission is in the process of updating the booklet "Guidelines to Building and Gardening in Pine Knoll Shores". These booklets are available at the counter in the reception area at Town Hall.
2. The CAC is investigating the requirements for earning the designation of "Tree City USA" for Pine Knoll Shores. Oriental is one local area that presently has this designation.
3. The Community Appearance Commission is also working toward having sea oats removed from an exempt status in Carteret County, so they would be protected by law. Carteret County is exempt from the law protecting sea oats according to the General Statutes in North Carolina Criminal Law and Procedure.

*The Community Appearance Commission would like to thank residents for their contributions of comments and suggestions. These comments and suggestions will be considered and acted upon accordingly by the Commission.*

2. The Planning Board is currently looking into the issue of requiring bulkheading of all canal front lots within a designated period of time.
3. The Planning Board at the request of the Community Appearance Commission is looking into the problem of trailers being used by hotels/motels as storage units instead of being removed after a project has been completed.
4. The Board of Commissioners sent a complaint of large vehicles being parked on public street rights-of-way to the Planning Board for review. The Planning Board is investigating the options and possible solutions.
