April County Commissioners Meeting

By Charlie McBriarty

The regular monthly meeting of the Carteret County Board of Commissioners convened in the Commissioners' Board Room in Beaufort at 6 p.m. on April 19. A two page meeting agenda was handled with dispatch evoking little disagreement among the commissioners, resulting in the public meeting portion concluding at just after 7 p.m. An announcement by Chairman Harris regarding the on-going repair of the Grayden Paul Bridge that necessitates the restriction of the bridge to one-way traffic from 9 to 11 p.m. and closing the bridge to traffic overnight may have stimulated the pace of the meeting.

Highlights of the meeting included:

- Recently retired County Manager John Langdon was present to receive recognition for his six years of service as manager and the new Interim County Manager Wayne Deal was also introduced.
- The consent agenda consisting of 14 items was unanimously approved with no discussion. Among the items in this agenda was the approval of \$1 million for the 911 communications center construction expenses. The county Fiscal year 2010 audit contract was awarded to McGladrey and Pullen of Morehead City at a cost of \$54,000. The Interlocal Agreement for the Bogue Banks Master Beach Nourishment Plan was approved as was a resolution requesting 50% state cost-sharing for the Bogue Banks Master Beach Nourishment Plan.

- The public hearing on proposed text amendments to allow duplex and triplex units to be on their own lots was tabled by the chairman.

- A proposed resolution setting a public hearing date to consider a moratorium on gaming establishments elicited some discussion. There was some debate regarding whether or not internet cafes should be classified as gaming establishments, and it was clarified that the jurisdiction of the board in this matter only extended to non-municipalities of the county. By a vote of 6 to 1 the resolution was approved for a public hearing to be held on May 17.

- The review of a number of upgrades to the Western Park elicited some discussion but \$280,000 to increase parking and add some new restrooms was approved.

- Vacancies were identified in seven committees, councils, boards and agencies. Twelve individuals were appointed to fill these vacancies.

The public portion of the meeting was adjourned and the board, pursuant to state regulations, held a closed session to consider confidential information, i.e., approval of closed session meetings of March 15 and April 1.
