

First PKS Fishing Tournament

The weather on October 15 was perfect for fishing, and 33 competitors did just that in the first ever Pine Knoll Shores Fishing Tournament: (1) Spectators came to celebrate the winners at the weigh-in at McNeill Park; (2) Jayne Keifer with the winning red drum; (3) Maureen Young holding a speckled trout (though she won in the blue fish category, shown in photo #4) and Don Hesselman with the winning gray trout; (5) Tony Battista with the winning speckled trout; (6) Howard Boudreau shows off the winning trophy, and his winning sea mullet is shown in photo #7; and (8) the leaderboard showing the weights of all winners. No fish were caught in the flounder or sheepshead categories. Photo #9 shows Sid Bragg (left) and Tom Kowalski with a couple of nice false albacore. There was no category in the competition for these fish, but those at the weigh-in still appreciated the fine catch.—Photos by Mary Cam Boudreau, Bill Flexman and Dan Law

Recycle Christmas Trees

Please recycle cut Christmas trees (all decorations removed) by leaving them in the parking lot of the Iron Steamer beach access. Trees are picked up and placed along the beach to help preserve our dunes. Just drop them off, and we'll do the rest. Please call town hall at 247-4353 with any questions.
