Chatter Vs. Jabber Central Warehouse Office By Gloria Carter

So far as we can think there are just two things to talk about this time. Our two outings. On May 5h the Order and Billing and Scheduling Departments went down to Camp Carolina for a weiner roast. It was a lovely night—big full moon and a gentle breeze swaying the trees. What a romantic spot! Darn it! No men!

On May 12th, since we had all of 95 cents left over from the weiner roast, we decided to have a big dance. Everyone seemed to have had a swell time, even if the punch did taste a little watery. Someone ought to have fixed that though!

Gracie Chatham decided to take a few days of her vacation and spend it in Lynchburg, Va., seeing her sister graduate as a nurse. Glennice Jones has been another vacationist, spending her time in Roanoke. We're heard quite a bit of whispering about a certain "Jack" since she got back. Glennice declares he's the best-looking boy she has ever seen and sighs with a far away look in her eyes.

The circus was coming to town. John Eggleston was all excited for he was taking his little boy—so he said. When the news came in that everything had gone on to Martinsville, he was heart-broken and we know little Johnny was too.

I know all of you would like to have a new correspondent, so maybe next week one of the girls that hasn't had the column yet can be prevailed upon.
