BLASTS

From the Draper Office Carrie Hill and Evelyn Lewis

It "Seems Like" new hair do's are all in the vogue. "Wishin" I had a new one, too. Selma Stone and Gladys Sumner are the lucky girls, we speak of. Surely do look pretty, too!

Gosh, J. V., you'll certainly have to take these wedding parties a little slower. One night is too much for some of us—but three in succession—whew! That's too much for anybody! Or have you found that out?

Floda Somers is surely taking shopping trips often lately. Two in one week! What's new? Pity Charles when the bills start rolling in.

Blue Monday and back to work—but what a week-end. More fun! Let's go back to Lynchburg, Alice? Kinda like that place, somewhat.

Virginia "Speedy" Giles and Lucille Cherry spent the week-end in Greensboro. A wonderful time was had, so they report.

The "Chin Up Girls" club will meet with Everlena Cannady on Thursday evening, November 30, at 7:30 o'clock. Selma Stone will be joint hostess. Trust all the members will be present.

Just a thought: "A wise man learns by the experience of others. The ordinary "dub" learns by his own experience, but the fool learns by nobody's experience."

A naval aviator on solitary patrol ran into thirty-four Jap planes. The last heard from him via radio were the words, "I've got four down already and thirty more cornered." The magnificent courage of men like this makes your heart glow and your pulse beat faster, but if you want to help more of them come home, call on your hands as well as your heart—today—on your job.
