

KARASTAN MILL
(Continued from Page 5)

Fraker McBride and son and Mr. and Mrs. Harrison Tolbert were his guests at a special dinner.

Morrel McCulloch of Kannapolis, Va., visited his mother, Mrs. Sallie McCulloch. He has re-enlisted in the Navy.

Vivian Griffith Turner was visiting relatives in Woolwine, Va., Sunday.

Maggie Cox and Mildred Rickman were in Greensboro Saturday looking for the Easter Bunny.

Virginia Richardson is welcomed back to her old job in the Carving department.

J. R. Rickman from Washington, D. C., was a visitor recently in the home of Mildred Rickman.

Doris Fulton, now Mrs. Jack Mosley and Ann Kerley, now Mrs. Bill Fallin, are our recent brides.

Sometime during the morning last Wednesday Mrs. Tabby came through the Setting department and in the southwest corner found a spot to her liking as a home. About noon Mr. Barham learned that history had been made for quintuplets had just arrived. The quinn's aroused so much excitement among the Setters that Mr. Barham evicted them before they could even see what beautiful rugs we make.

Miss Edmonia Turner has resigned her position with the Carving department. She plans to enter the Lucille School of Beauty Culture in Greensboro at an early date. Our good luck and best wishes go with you, Edmonia, in all of your endeavors.

Final Report of Red Cross Drive

(March 4 to March 9)

Karastan	9.8	8.8
Blanket	8.0	10.0
Bedsread	9.5	11.5
Total	7.8	8.0

Digest of By-laws, United Mutual Aid Association

In view of present day costs the whole Mutual Aid plan is being reviewed by the Mutual Aid Committee. This committee's decisions will be reported in the near future.

Below is a digest of the present day by-laws:

Members are eligible to receive benefits after having been a member for thirty (30) days. A member's dependents are eligible to receive benefits at the end of 120 days.

Children, step-children and legally adopted children who have not attained the age of 18 may be registered as dependents; also children in the above group of physical or mental disability which occurred prior to having attained the age of 18 may be registered. If father and/or mother resides with member, and are unable to work and receive full support from member—these may be registered as dependents—provided, however, that member makes request to the Chairman of member's Relief Committee and if ok'd by the Central Committee such dependents will be registered.

Should a member (or dependent) require hospital service, his family physician will issue a certificate or statement stating that it is necessary for patient to enter the hospital. Member will refer the certificate or statement to the Chairman of his Relief Committee for his approval. The fact that physician issues a certificate, and that the Chairman of the Relief Committee OK's it—does not signify that a particular case is eligible for benefits until it is determined that the case comes within the provisions of the by-laws.

If Leaksville Hospital is used, members and their dependents are entitled to complete surgical and hospital service, not to exceed 21 days at \$3.00 per day for major operations, and 24 hours for tonsil operations.

Cases, in the opinion of the profes-

sional staff of the Leaksville Hospital, in consultation with family physician, that should be referred to some other hospital, a maximum allowance of \$200 is made—provided, the family physician's certificate regarding the case shall be approved by an authorized member of the professional staff of the Leaksville Hospital.

Cases preferring to go to out of town hospitals are allowed a maximum of \$125 for major operations and or hospitalization, and an allowance of \$25 for tonsil operation—provided, they enter hospitals approved by the American College of Surgeons. If hospital used is not approved by the American College of Surgeons the maximum allowance is \$100 and \$15 respectively.

An allowance of \$20 is made for maternity cases. An allowance of \$10 is made to women members whose husband is not a member of the Association. An allowance of \$1 per day is made for tubercular cases confined in a sanatorium. Limit is \$175.

Expense of services to members and or dependents which can be rendered by a physician in his office is not covered in the by-laws. The principle benefits of the Association are intended to cover surgical operations and hospital expense in connection with such operations; also malignancy in cancerous conditions requiring X-ray or radium treatment.

Last year—1945—surgical and hospital service to members and their dependents amounted to \$29,950.25; and for maternity and tubercular cases \$2,769.52; a total of \$32,719.77.

Y.M.C.A. Sponsors Easter Program

The Y.M.C.A.'s of Leaksville-Spray and Draper sponsored an Easter program which consisted of a movie entitled "The First Easter." This movie was shown in a number of local schools, churches and Y.M.C.A.'s and there was a large attendance at each of the showings.

The plot of the movie was a reverent and inspiring portrayal of the Easter narratives recorded in the gospels, beginning with the appeal of the Jews that the tomb be sealed and guarded and including the experiences of the women and disciples at the tomb, in Jerusalem, and on the road to Emmaus. The presence of the risen Christ was effectively suggested without showing his face.

Another short film showing the Hamilton Quartet singing world renowned hymns and famous songs, with the words superimposed to permit the audience to join in the singing, concluded the program.

The Luncheon Y's Men's Club is sponsoring an Easter Egg Hunt for the children in Draper.

Lipstick is something that gives an added flavor to an old pastime.
