Dr. Hyde Enters Naval Hospital At Portsmouth, Va.

Former Fieldcrest Medical Director Was Naval Officer During War; Had Only Been Here A Short While

Dr. Robert T. Hyde, who resigned as medical director at Fieldcrest Mills last week, has entered the Naval Hospital at Portsmouth, Va., for medical care. Mrs. Hyde and the two children have joined the former's parents in Jacksonville, Fla.

Dr. Hyde, who came here a short while ago, is a retired Naval officer, having served for more than three years as a medical officer in World War II, much of the time in overseas theatres of war.

Following his naval service he was a plant physician with the aircraft division of General Motors in New Jersey. He subsequently engaged in private practice in Morris Plains, N. J., and at the same time served as medical director for the Victoria Foundation Children's Heart hospital at Morris Plains and was clinical assistant on the medical staff of the Orange Memorial hospital at Orange, N. J.

He received his medical degree from the Johns Hopkins University, Balti-

more, Md.

As in the past, all accident cases will be referred to the Medical Department at each location. During the hours when the Medical Offices are not open, such cases will be referred to Dr. A. W. Reeser, office and living quarters on Washington Street, Leaksville, telephone No. 782.

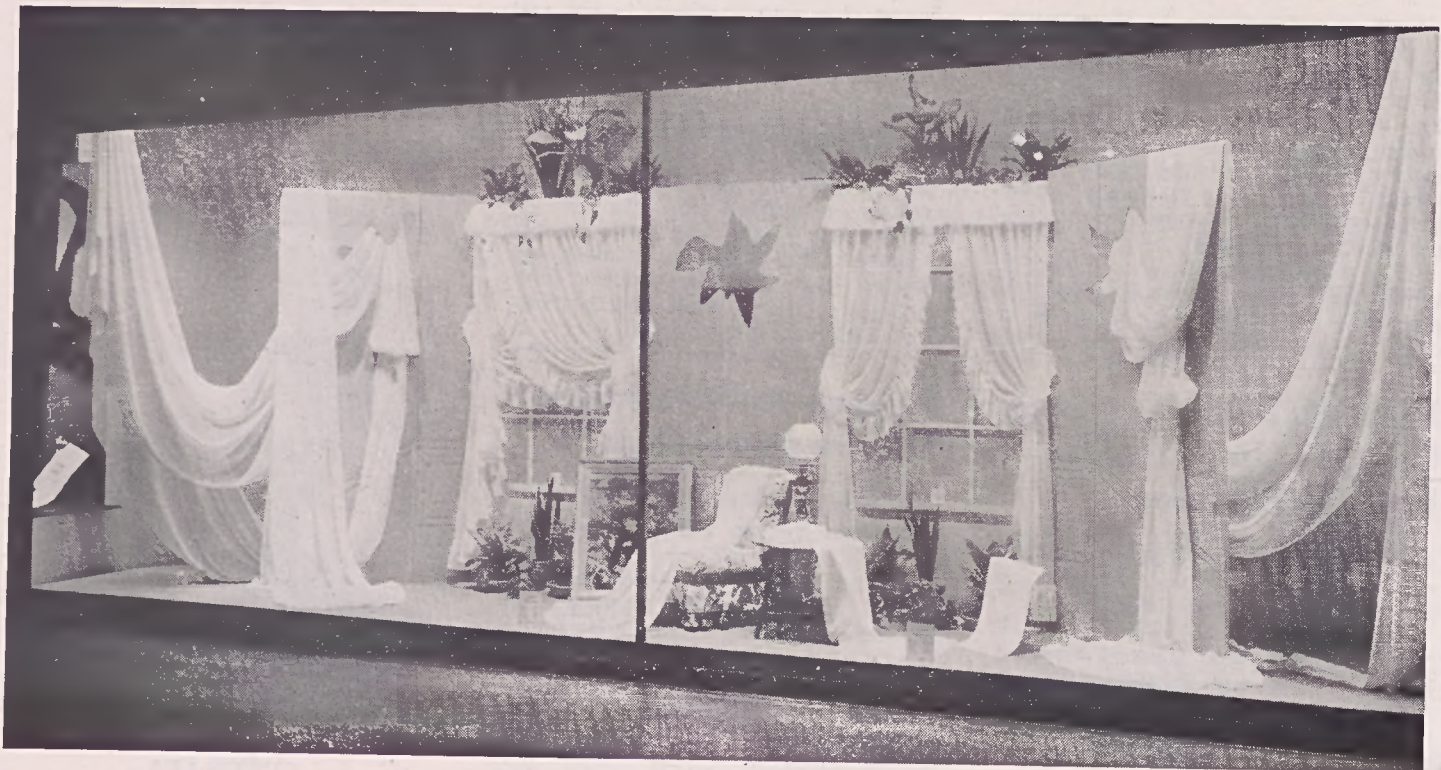

A good New Year's resolution: Buy U. S. Savings Bonds throughout 1948. Use the Payroll Savings Plan.

San Francisco Store Window Features Fieldcrest Ninon From Rayon Mill

Typical of the manner in which Fieldcrest products are being promoted by fine stores from coast to coast is this Fieldcrest Ninon window at The Emporium in San Francisco. Ninon

ruffled curtains, ninon panels, and ninon yardage are combined to show our Rayon Mill's ninon products.
