

"Give Us This... Our Daily Truth"

Picture posed for by patriotic Americans

How you can help fight Communism by feeding the greatest hunger of all – the hunger for truth!

HIS is the whispered prayer of millions behind the Iron Curtain — "give us our daily truth . . . our daily hope . . ."

This prayer, this plea, is addressed to you—to every American whose contributions have made Radio Free Europe possible!

Thanks to two vital transmitters built on the very doorstep of Red Europe, these imprisoned millions are again knowing the sweet taste of truth—and their hearts have been filled with hope.

Hour after hour, day after day, Radio Free Europe speaks to them. Words they can believe . . . words of news, words of encouragement, words of warning:

"Mr. Kowalski . . . your son is safe in Cleveland" — "Mrs. Konopka . . . we have a message for you from your husband in Dublin" — "Hello Bratislava . . . be on your guard against Valer

Vesley . . . he in an unfortunate victim and tool of the secret police"—

Daily, Radio Free Europe counters specific Red lies with convincing, documented fact, ripping Communist propaganda to shreds. And while this barrage of truth sows fear and confusion among the Communist ranks, it is pointing out the greatest friend these hungering listeners have in the world—you!

With your help, a beachhead for freedom has been established in the hearts and minds of captive peoples. With your continued help, the cold war against Communism can be won—and a horrible global hot war prevented.

Feeding the greatest hunger of all—the hunger for truth—can help to remake a world . . . a world where there are no slave nations, where all men are free!

Two More Transmitters Urgently Needed! Radio Free Europe now operates two Freedom Stations in Western Germany. The Munich Transmitter—the free world's most powerful medium-wave transmitter—blankets Czechoslovakia daily. The Frankfurt Transmitter reaches six Iron Curtain countries. Now at least two more powerful transmitters are needed to reach millions more in Satellite nations behind the Iron Curtain. Only your contributions can make this possible. Radio Free Asia, too, needs your aid in starting similar truth broadcasts in the Far East . . . to halt the spread of Communism in Asia.
