Housekeeper's Code

Housekeeping is more than just keeping floors, walls, ceilings, lights and machinery clean. Good housekeeping means cleanliness and order. A place is in order when there are no unnecessary objects about and those that are necessary are in their proper place -when there is a place for everything and everything is in its

You can do your part in promoting good housekeeping in the mills and in helping to maintain attractive and pleasant working conditions by giving attention to the points covered below in the Good Housekeeper's code:

- 1. See that your own work area, work bench, tool box, table or cabinet is neat, orderly and
- 2. Keep alleys and passageways unobstructed. Place boxes and trucks in zoned areas.
- 3. Prevent accumulation of excessive amounts of obsolete supplies, broken and damaged equipment, etc.
- 4. Make sure that waste, trash, and disposable junk iron are placed in proper containers.
- 5. Place drink bottles in rack.
- 6. Drop cigarette butts in the sand barrel, not on the yard near gate entrances.
- 7. Stack and store beams, bobbins, and goods in process in a safe, neat and orderly man-
- 8. Avoid and eliminate unsafe conditions and fire hazards. Fire fighting equipment, fire doors, sprinkler heads, and exits must be unobstructed and available for immediate use.
- 9. Do your part and encourage others to cooperate in keeping drinking fountains and rest room facilities neat and tidy.
- 10. Call to the attention of the supervisor any condition causing water or oil to drip on the floor and any other needing correction.
