

Santa Claus Flies In For Visit To Fieldale

Pictures above were taken during Santa Claus' visit to Fieldale through sponsorship of the Rotary Club and the Fieldale Service Club. Santa flew in from the North Pole and was met at the Martinsville Airport by the Fieldale Fire Truck and was driven to the Fieldale Community Center.

As he came into town, the Fieldale High School Band played "Here Comes Santa Claus", followed by other appropriate Christmas numbers.

Santa had treats for all of the children. Following the parade through the business section, the Christmas lights were turned on in Fieldale. Santa then moved on to the colored village where he distributed treats to the children there.

At top left, Santa holds three-year-old Myra Fulcher daughter of Kyle S. Fulcher of the Hosiery Mill and granddaughter of H. Amos Byrd of the Towel Mill.

In picture at lower left he holds two-year-old Cindy Roach daughter of Geneva Roach who works in the Fieldale Personnel Office and Jimmy Roach who is a member of the Standards Department at Fieldale.
