

Be A Safe Hunter

In most states it's the easiest thing in the world to obtain a hunting license. But suppose you had to pass a written test to qualify as a hunter as you do to get an auto driver's license?

Here are a few of the most elementary questions and answers taken from a course in hunting safety given by the National Rifle Association. See how many you can answer correctly without first reading the answers.

Q. What is the first thing to be done when handling a gun?

A. Open the action and examine both the chamber and the magazine to make sure it is not loaded.

Q. How is a gun carried in an automobile?

A. Unloaded, with the action open or the gun in a case.

Q. Many people think they can shoot more accurately with a light, so-called "hair-trigger." Should this be done?

A. No. So-called "hair-triggers" are extremely dangerous.

Q. What is the correct way to squeeze the trigger of a rifle?

A. Press the trigger steadily until gun is fired. Hold your breath until the shot is fired.

Q. How should a gun be handled when crossing a fence?

A. Unload, open the action, and place the gun under the fence. Climb the fence and reload on the other side.

Q. What are the essentials of safe hunting?

A. (1) Know your gun. (2) Handle your gun properly. (3) Fulfill your responsibilities as a safe hunter.

WASTE CONTROL Scoreboard

Based on Wastemeter reports, the following departments have the best waste control records in the respective mills for the period January 1 through October 31:

Mill	Department
Bedspread	Carding
Blanket	Wool Carding
Karastan	Winding and Setting
Sheeting	Cloth Room
Towel	Spinning

"One of the easiest ways that an employee can help reduce costs is to prevent waste on his or her job."

Meet the Foremen

C. B. BARHAM

... Heads Complex Operation ...

C. B. Barham has been foreman of the Karastan Winding and Setting Department for 20 years. His department winds the yarn and sets the designs on loom spools for weaving our rugs and carpeting. It is a large and complex operation involving hundreds of colors, grades and intricate designs.

Mr. Barham has been with Karastan continuously since 1931 and has been foreman since September, 1937. He started in the shipping room and worked in the carving, finishing and burling departments before he became assistant foreman in the winding and setting department in 1936. He was promoted to foreman after about a year.

Active In Community Affairs

Active in church and civic affairs, he is a member of the Leaksville Moravian Church where he has served as chairman of the official board, Sunday School superintendent, teacher, and most recently as church treasurer. He currently is a director of the Leaksville Boys Club and conducts the Tuesday night program. He served as president and a director of Leaksville Y.M.C.A. and the Tri-City Y.M.C.A.'s.

Having played basketball and baseball at Leaksville High School and Wake Forest College, he continued his interest in athletics. He played second base in the old Bi-State league and played basketball and baseball with Y.M.C.A. and town teams. He coached basketball at the Leaksville Y.M.C.A. and, for a time during World War II, coached the local high school team.

He married the former Miss Hazel Lovell, of Leaksville, and they have two sons. The oldest, Pete, is a senior at Wake Forest and a star halfback of the Demon Deacons team. Bill, the youngest, is a sixth-grader at Burton Grove school. The Barhams a few years ago built a new brick home on the Stoneville road.
