

## Fieldcrest People Take Active Part In 'Y' Program

(Continued from page one)  
of the Mechanical Development Department at Fieldcrest; Dr. G. Kenneth Miller and D. Fred Mitchell.

Additional members of the board are Wendell Newlin, Maurice O'Mansky, Clyde W. Pressley, C. W. Roberts, Mert Warren and Warren B. Wilson.

H. E. Williams, Fieldcrest safety di-

rector, is president for 1960. Thomas M. Patrick, manager of Duke Power Co., Leaksville, is vice president, Jesse M. Burton, office manager at Central Warehouse, is secretary. President Williams announced committee chairmen at a supper meeting of the board February 29 at which a program of work for the year was discussed.

**NEWLY-ELECTED DIRECTORS** of Consolidated Central YMCA shown left to right, seated, are Mrs. Joe J. Price, Mrs. Sallie Gray Dunn, Mrs. Robert A. Harris, Mrs. C. F. Tulloch, Jr.; standing, W. B. Weaver, James M. Fair, Miss Sarah J. Slate, Hicks E. Anderson, Jr., and Dr. Roy Turner. Mrs. John T. Burks and Robert L. Moore, also elected, were absent for photograph.

## Bleachery Employees

### Recognition Given For Safety Record In 1959

Under terms of a contest sponsored by the Company, a barbecue is given all employees of any mill which meets the requirements for a State safety award. Goal of the program is to maintain a safety record in which the accident frequency rate is 75% or more below the State average for the textile industry.

For complying with the requirements for an award as specified by the State Department of Labor for the year 1959, employees of the Bleachery were given a barbecue on a recent Saturday evening in the cafeteria at Morehead High School.

Norman Young, assistant superintendent of the Bleachery, was master of ceremonies. He presented John P. Powell, mill manager, who expressed appreciation for the good work of the Bleachery employees and commended them on their safety achievement.

H. E. Williams, safety director, presented Frank Crane, North Carolina Commissioner of Labor. Mr. Crane explained the basis for the Award of Achievement won by the Bleachery. He congratulated the employees on their interest in safety and urged them to continue their accident-prevention efforts.

Mr. Crane was accompanied here by W. C. Creel, safety director for the North Carolina Department of Labor.
