

Sales Meetings At Meadow Greens Country Club

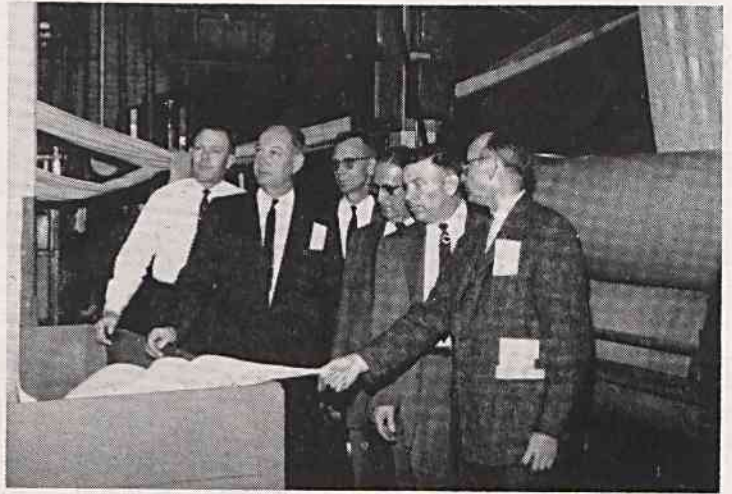

W. Va., and Jones, Witter and Company, Columbus, Ohio, made separate visits to Fieldcrest recently.

They held their respective sales meetings at Meadow Greens Country Club at which President Harold W. Whitcomb and Robert A. Harris, vice president, manufacturing, were speakers. The mill managers and several key men from staff departments attended luncheon or dinner meetings.

Accompanying the visitors here were several representatives from our Fieldcrest sales division in New York.

Pictures on these pages show the groups during their tours of the plants and offices.

Thomas, Field & Co.
