

Let's Make It A Day's Pay!

Next week, the employees of the mills and offices in Leaksville-Spray-Draper will take part in the yearly Tri-City Community Fund campaign, which has as its goal \$59,026.00 to be used for support of 10 essential health, welfare and recreational services.

The budget goal represents the minimum amount needed as determined through the considered judgment of a committee of local citizens—the Budget and Admissions Committee of the Tri-City Community Fund.

It will be necessary to raise the full amount of the budget if the 10 participating agencies are to continue to provide the services which the community needs and has come to expect.

The Community Fund agencies over the years have proved themselves worthy organizations that make a better life for the Tri-Cities. We all know of people in desperate circumstances who have been helped by the Salvation Army, Red Cross or other agencies. All of us benefit from the YMCAs, Boys Club and the Boy and Girl Scouts.

We hope we will never need the services of the Rescue Squad but we know that some of us will. No one would begrudge a contribution to assist retarded children, particularly when they are children of our own community and perhaps are even on our street.

Aside from the worthiness of the agencies in the Carolinas United package, the contribution we make to Carolinas United prevents a large number of drives which would otherwise be conducted by the individual organizations included in the package.

During the drive next week each of us will have an opportunity to share in taking care of the Tri-Cities' human needs and obligations. The Tri-City employees of Fieldcrest Mills will have done their part if each of us pledges a day's pay in the campaign. Large numbers of employees in the past years have pledged a day's pay to be paid in small installments through payroll deductions.

How about you? If you have not been giving as much as a day's pay, increase your pledge to that amount and have the satisfaction of knowing you have fulfilled your own obligation in this cause.

'Whistle' Dispenser

Louise Brown, a reeler at the Karastan Spinning Division, Greenville, gets her copy of The Mill Whistle from a box at the mill exit.

Boxes for dispensing copies of the employees' publication, similar to those used at the other Fieldcrest plants, were recently installed at the Karastan Spinning Division and at the Automatic Blanket Plant at Smithfield.

Top Weavers, Fixers Listed For Towel Mill

The Towel Mill's leading weavers and loomfixers are listed below for the most recent periods of record.

In order to encourage quality and efficiency in the weave room, the mill each week singles out for recognition those weavers and loomfixers with the most outstanding records.

Names of the leading operators are posted on the mill bulletin board and are published in The Mill Whistle.

The "Weavers of the Week" are those with the lowest per cent of seconds with respect to the standards.

The "top" fixers are determined through a combination of low seconds and high loom efficiency on the sections for which they are responsible.

Weavers—W/E September 10

Dobby Terry Delmo Scott
Jacquard Terry Samuel Fulcher
Draper & Cam Claude Austin, Jr.
New C-7 Looms Billie Hubbard
(In Hosiery Mill building)
