19 Blanket Weavers On Quality Honor List

The names of 19 weavers are shown on the quality honor list at the Blanket Mill for the six months ending February 28. Twelve are plain or doobby weavers and seven are jacquard weavers.

Newcomers to the list for the latest period are Qucell Robinson, plain weaver, and Jesse L. Kennon and John S. Morris in the jacquard classification.

The listing of the quality weavers is part of a program at the Blanket Mill designed to emphasize the importance of quality weaving and to give recognition for outstanding records.

In order to make the quality honor list, a weaver must work for six months without a major quality defect.

When a weaver on the list has a major quality defect, his name is dropped. Other weavers are added as they attain six months of quality work.
