

Let's Put 'Project DTC' Over The Top!

Each of us at Fieldcrest soon will have an opportunity to share in Project DTC, a campaign to provide a new Diagnostic and Treatment Center at Morehead Memorial Hospital. Details on how the campaign will be conducted and other information are carried in other articles in this issue of The Mill Whistle.

A successful campaign at Fieldcrest will go a long way toward assuring that the \$300,000 needed will be raised. And we will be assuring for ourselves and our loved ones vastly improved medical services here at home in the Morehead Hospital.

The Diagnostic and Treatment Center will bring the latest advances in the treatment of cancer to the Tri-City area. Cancer is the second most common cause of death in Rockingham County. Early detection and prompt treatment can save lives and alleviate suffering.

The cobalt X-ray machine, the further development of the radio-isotope laboratory, the pathological laboratory and the physical therapy department will make available services, tests and treatments that patients now can obtain only by traveling to the larger cities.

Treatment of cancer, diagnosis of conditions of the thyroid, blood diseases and other diagnostic studies, the detection and treatment of many non-malignant as well as malignant diseases, will greatly advance the medical care available in the local hospital. The new physical therapy department with its whirlpool bath will aid in the healing of fractures and will alleviate pain associated with arthritis.

To obtain all this requires only that we at Fieldcrest and others in the community give our fair share in the finance campaign. It is a wonderful opportunity for the Tri-Cities to make our hospital even better and to provide the very best in medical care for a hospital the size of ours.

Fieldcresters, in the hospital building fund campaign and in other such movements, have been outstanding in their response. It is believed they will take advantage of the present opportunity and give the project their willing and generous support.

Towel Mill Honors Leading Weavers, Fixers

The Towel Mill's top quality weavers and loomfixers are listed below for the most recent periods of record.

The "Weavers of the Week" are those with the lowest percentage of seconds with respect to the standards for the various loom groups.

The "top" loomfixers are determined through a combination of low seconds and high loom efficiency.

Towel Mill To Go On Daylight Saving Time

Employees of the Towel Mill at Fieldcrest, Va., will be working on daylight saving time this summer.

Effective at midnight Tuesday, May 29, the State of Virginia by law will go on daylight saving time. The State will continue on daylight saving time until Monday, September 3, at midnight.

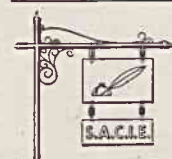

Because of the change, the Towel Mill's third shift which reports at 11 p. m. Tuesday night, May 29, will work only seven hours and will go home at 7 a. m. daylight time (6 a. m. standard time).

All Towel Mill employees should remember to move their clocks ahead one hour on Wednesday morning, May 30.
