

CONGRATULATIONS TO THESE 100% DTC PATRON DEPTS.

One hundred per cent of the truck drivers of the Traffic Department pledged \$50 or more each to the Project DTC fund campaign, displaying commendable interest and giving generously and unselfishly to help make possible the improved medical facilities.

The picture above shows a part of the group in front of one of the Fieldcrest trucks. From left on front row are E. W. Sams, traffic manager; Bill Sawyers, Ray Ferguson, James Hensley, Tony Martin, Clifford Emerson and Ken Amos. On back row, from left, are J. W. Talley, Jack Snead, Homer

Fain, Sam McCrickard and Joe Odell.

The following drivers were unable to be present for the photograph but each gave \$50 or more to the fund: Jack Crowder, Franklin Gilley, William Harris, Herbert Hundley, C. B. London, David Nance, Roy Sawyers and Malcolm Young.

Shop personnel in the Mechanical Development Department have received commendation for outstanding support of DTC effort.

100% Patrons

The shop personnel of the Mechanical Development Department qualified as 100% DTC Patrons when each man pledged \$50 or more to the hospital improvement project.

The Mechanical Development men have received commendation from the campaign organization and from company officials for their outstanding support in the campaign.

The group is shown above in the shop. From left are Dennis Steagall, Dillard Robertson, Jeff Turner, Samuel J. Smith, Ernest Danaho, Ralph Hopkins, Albert Hopper and J. T. MacIsaac, director of mechanical development.

William Earles, a member of the department, gave \$50 or more to Project DTC but could not be present for the picture. He was a patient in the Morehead Memorial Hospital!

DTC Campaign

(Continued from page one)
highest average contribution per person was the Finishing Mill with \$33.19.

A similar bronze plaque will be given by the hospital trustees to the Technical Services Department, as the major staff department with the highest average contribution. The average contribution for Technical Services was \$92.95. The department includes Research and Quality Control, Domestic Product Development and Mechanical Development.

Runner-up to the Technical Services Department was the Industrial Relations Department in which the average contribution per person was \$91.39.

The Mechanical Development Shop and the Truck Drivers, which were "100% Patrons" will be listed on a plaque in the new Diagnostic and Treatment Center.

100% Contributors
