

Quality Leaders

The Towel Mill's leading weavers and loomfixers are listed below for the most recent periods of record.

In order to encourage quality and efficiency in the weave room, the mill each week singles out for recognition those operators with the best records.

Names of the leading operators are posted on the mill bulletin board and are published in The Mill Whistle.

The "Weavers of the Week" are those with the lowest per cent of seconds with respect to the standards.

The "top" fixers are determined through a combination of low seconds and high loom efficiency.

College Graduates From Fieldcrest Families

New college graduates from Fieldcrest - connected families are shown above. They are in addition to the graduates pictured in the last issue of the Mill Whistle.

Several other sons or daughters of Fieldcrest employees received their college or university degrees early in June, and their parents are invited to submit pictures and information about the graduates for publication in the Mill Whistle.

Charles Wylie Hatcher graduated from Western Carolina College with a B. S. degree in Business Administration and Social Science. He is a son of James G. Hatcher, of the Sheeting Mill Weave Room, and Mary R. Hatcher, of the Blanket Mill Spooling and Warping Department.

Harold Joseph Smart received his B. S. degree in Textile Technology from North Carolina State College. He also

received his commission as a second lieutenant in the Air Force upon the completion of a four-year R.O.T.C. course. Lieutenant Smart is the son of Mr. and Mrs. Walter Smart, of Draper. His mother (Ruth) is employed in the Inspecting Department at the Blanket Mill.

N. Ramona Dillard received her A. B. degree and a class "A" certificate from St. Augustine's College, Raleigh. She majored in Elementary Education and specialized in Primary Education. She is the daughter of the Rev. and Mrs. Jacob Dillard. Her father is employed in the Shipping Department at Central Warehouse.

Norris Richard Allen graduated with highest distinction in Radio-Television-Electronics at State Teachers College, Elizabeth City. He is the son of Mr. and Mrs. Starling Allen. His father is employed at the Karastan Mill.

Karastan Awards

Named below are the weavers and fixers on three rug looms which had above-standard performance for the month of May.

The Karastan Weave Room makes awards each month on looms where performance is above standard, based on efficiency, seconds, burling costs, housekeeping and yield.

Each of the factors considered represents a crucial area involving quality and costs.
