Quality Weavers

Named below are the Blanket Mill weavers who made the quality honor list for the six months ending September 30.

Newcomers to the list for the latest period are Virginia G. LaPrad and Katherine P. Turner, plain or dobby weavers; and Lee Roy Brown, jacquard weaver.

The listing of the quality weavers is part of a program at the Blanket Mill designed to emphasize the importance of quality weaving and to give recognition for outstanding records.

In order to make the quality honor list a weaver must work for six months without a major quality defect in his or her cloth.

When a weaver on the list has a major quality defect, his name is dropped. Other weavers are added as they attain six months of quality work.
