

Scholarship Applications Being Accepted

The Fieldcrest Scholarship Committee March 1 began accepting applications for the scholarships given by the Fieldcrest Foundation to assist employees or children of employees of Fieldcrest Mills, Inc., in securing a college education.

Individuals who wish to be considered for the scholarships must submit an application in writing prior to April 1, 1963, to the Scholarship Committee. Awards of the scholarships will be announced by June 1, 1963.

An application form may be secured from the Industrial Relations representatives in the mills; by calling at the Employment Office of Fieldcrest Mills, Inc., in the General Offices building in Spray; or by writing to Dr. William McGehee, director of personnel research and training, Fieldcrest Mills, Inc., Spray.

Each scholarship has a total cash value of \$2,000 over a period of four years at the rate of \$500 for each of the four years of college attendance.

Scholarships are awarded each year, but it is expected that once a student is awarded a scholarship in his freshman year the scholarship will be renewed for three successive years.

The scholarships are awarded to high school graduates who are entering college for the first time. To be eligible for consideration for a scholarship, the recipient must plan to enroll in an academic four-year college or university in a course of studies leading to a recognized undergraduate academic degree.

Charles Butler Joins E. D. P. Department

The appointment of Charles E. Butler as supervisor—E.D.P. planning in the Data Processing Department at the General Offices has been announced, effective February 11. He reports to Robert H. Hair, manager—data processing.

Mr. Butler was with the National Dairy Products Corp. for several years prior to joining Fieldcrest. He first was an internal auditor in that firm's general office in New York City, and traveled to the various branches throughout the U. S. and Canada.

For the last five years he was a member of the systems and procedures staff, specializing in data processing. He worked in the several divisions and came here from the Southern Division (Southern Dairies) in Charlotte, where he was in the Data Processing Department.

He is a graduate of the University of Tennessee and majored in accounting. He attended I.B.M. schools in New York, Chicago and Atlanta while with National Dairy Products Corp.

He was born in Memphis but grew up in Knoxville. Between his high school years and his enrollment at the Uni-

An employee must have been in the employment of Fieldcrest Mills, Inc., for at least one year to be considered for the scholarship. The children of an employee of Fieldcrest Mills, Inc. are eligible for consideration for the scholarship award if the employee has been with the Company for one year or more.

The scholarships were first awarded in the fall of 1960. To date, a total of eight scholarships have been granted and these recipients are now being assisted in financing their college education.

Performance Award Is Made On Loom No. 42

Weavers and fixers on loom 42 at the Karastan Mill received the award given for above-standard performance during the month of January. Their names are shown below.

The award is given each month on looms where performance is above-standard in the areas of loom efficiency, seconds, burling costs, housekeeping and yield, all vital in the achievement of high quality and low costs.

LOOM 42

Weavers	Fixers
Howard Lemons	Melvin Fuller
Spencer Priddy	D. T. Howell
Calvin Smith	A. G. Smith
