will study textiles. Brenda Stowe, Spray, has been accepted at Appalachian State Teachers College and will major in English and mathematics. She plans to become a high school English teacher.

Robert Myrick, of Smithfield, recipient of the fourth Fieldcrest Scholarship granted in 1964, plans to attend the University of North Carolina at Chapel Hill to study law and political science. He aspires to be a lawyer or teacher.

Andy Evans, the Muscogee recipient, has been accepted by Georgia Institute of Technology and plans to major in industrial chemical engineering.

Rickie Manuel's mother, Mrs. Annie Mae Manuel, is a weaver at the Sheet-

ing Mill in Draper, and Robert Myrick's mother, Juanita S. Byrd, is an office clerk at the Automatic Blanket Plant, Smithfield. Donald Rhodes' father is a laboratory technician in the Research and Quality Control Department, Spray, and Miss Stowe's father is a napper operator at the Finishing Mill, Spray.

Both of Andy Evans' parents are employees of Muscogee Mills, Columbus, Ga. His father is a doffer and his mother (Mollie Carter Evans) is a spinner.

The latest grants make a total of 15 scholarships that have been granted by the Fieldcrest Foundation since the program was started in 1960. The first recipients are to graduate this June.

Linda Wilkinson, daughter of Mr. and Mrs. Dwight Wilkinson of Fieldale, Va.,

is to graduate from Richmond Professional Institute with a major in commercial art and Jerry Jenkins, son of Mr. and Mrs. Dennis Jenkins, of Ridgeway, Va., will graduate from the University of Richmond where he majored in chemistry.

Linda's father is foreman of the Plant Service Department at the Towel Mill and Jerry's father is a twister operator at the Bedsread Mill.

Both the Fieldcrest and the Muscogee Foundation scholarships are now worth \$2400 over the four years of college attendance. Recipients are chosen on the basis of their academic aptitude, good citizenship and leadership, and the need for financial assistance in obtaining a college education.
