## Savings Bonds Drive

(Continued from Page One)

the authorization form and hand it to their supervisor, who will forward it to the Payroll Department. While there will be no personal solicitation, employees are urged to read the materials and to consider the advantages of regular saving through the Payroll Plan.

Millions of successful Payroll Savers will testify that it is a plan that really works. Once you sign up your saving is automatic—done for you in small payday installments you'll never see and perhaps never miss. The product you'll be investing in—the Series E Savings Bond—is the world's most widely-owned security.

Series E bonds can be bought in eight convenient denominations. Under the Payroll Savings Plan, the purchaser designates the amount he wishes deducted from his pay each payday. When these savings equal the cost of a bond of the chosen denomination, the bond is issued and sent to the purchaser.

The United States Treasury Depart-

ment protects the bond buyer against loss of principal or interest and guarantees that the interest rate will never go down during the life of the Savings Bond. (It has gone up several times since 1941.) For safety, a microfilm record is made of each Bond in the event replacement is ever needed. A Savings Bond carries an absolute guarantee of replacement if lost, destroyed or stolen.

At the option of the owner, Savings Bonds may be redeemed any time after two months from the issue date, without advance notice. Since practically all banks are agents of the U. S. Treasury, the bonds may be cashed just about anywhere in the United States.

## Card Of Thanks

With deepest gratitude, we extend this word of thanks for the many acts of sympathy expressed by thoughtful friends at the death of our wife and mother, Mrs. Jesse G. DeHart, Sr. Your kindness and help meant so much to us.

THE DEHART FAMILY

## SMILES

"What's holding it up?" asked a prospective buyer as he examined a house. Real estate agent: "The termites are holding hands."

Then there was the drunk who looked at a bonfire at the foot of the Washington Monument and said "They'll never get it off the ground."

You probably wouldn't worry about what people think of you if you knew how seldom they did.

The problem is how to stay in the groove without making it a rut.

## Name Omitted

The name of Fern A. Roach was inadvertently omitted from the list of Fieldcrest blood donors at the June 16 Bloodmobile. Mrs. Roach, an employee of the Blanket Weave Room, was a blood donor and her name should have appeared on the Blanket Mill listing. The Mill Whistle regrets the omission.
