Harvey Biggs Attains 45-Yr. Service Record

G. Harvey Biggs, a blanket server at the Blanket Finishing Mill, has just completed 45 years of service with the Company. Mr. Biggs has never been off the payroll for any reason since he started work.

A native of Patrick, Va., Mr. Biggs was employed August 11, 1924, as a napper operator at the Blanket Finishing Mill. He remained in that job for 20 years, and in 1944, was promoted to second hand, and in 1946, to assistant foreman.

He also worked as a second hand-finisher and as a section man. Mr. Biggs has been a blanket server since 1962.

Good housekeeping is good business, aiding safety, quality and efficiency.

Fieldcrest Men Are Top Blood Donors

Eeee-Yi...Oops! Sorry About That

Howard Whitlock, a practitioner of karate, was trying to break a board with his hand but broke a bone in his wrist instead.

He's taken a lot of kidding about it but says that it was his own fault: that he hit the board too far back on his hand.

"There's no trick to it," he said, "you just have to use the part of your hand that is protected." And the karate devotee sheepishly admits that he failed to do that very thing.

Mr. Whitlock is a fixer-trainee in the Carding Department at the Alexander Sheeting Mill at Forest City. He has been practicing karate for two years in classes at the Gastonia YMCA and the Shelby Recreation Center.

He competed for the North Carolina championship at Asheville in 1968 but will not be able to take part in the contest this year because of his injured hand.
