Merle Gentry shows the Fieldcrest switchboard to Morehead visitors.

Practice students from Stoneville High School.

Morehead students sit in with Janet Lester, secretary in Engineering.

Francis M. Campbell Appointed Foreman

Francis M. Campbell has been promoted from management trainee to foreman of the Carding Department at the Draper Sheeting Mill.

Mr. Campbell, a graduate of Western Carolina University with a B. S. degree in business administration, worked on production jobs at various Fieldcrest plants during the summers while attending college.

He was a management trainee at the Bedsprad Mill before entering military service in 1966. He served for three years, including a tour of duty in Vietnam.

He rejoined the Company in July, 1969, and completed various training assignments at the Sheeting Mill before he was appointed to his present position as foreman of the Carding Department.
