

Construction Scene At Store

The picture above shows a construction scene at the Fieldcrest Store in Eden. An addition is being built which will approximately double the present space. The masonry work on the addition is well along and roofing has been started.

This addition, encompassing 11,500 square feet, is the second addition to the store since it was first opened eight years ago. The scheduled date for the completion of the project is December 1.

Your Social Security

Q. My wife is 62. Can she get social security benefits if I don't retire?

A. If she has enough social security credit of her own to qualify as a retired worker, she can collect whether you retire or not. But she cannot get benefits based on your work record unless you are retired.

Q. I've been getting social security since my father had a stroke and had to quit work. I'm 17 now. I heard there is some way I can keep getting the checks even after I'm 18. Is this true?

A. Yes. If you're not married, you can get social security until you're 22 if you're a full-time student. Or, if you are so disabled that you can't work, your checks would continue for as long as the disability lasts.

Q. My father wants to retire at 65. Will he be able to get social security?

A. Yes, but his monthly checks would be 20 percent less than the amount he could collect if he retired at 65.
